Missouri Office of Prosecution Services

15th Annual Conference on Family & Sexual Violence *United We Stand*

In order to be able to gather safely, our next conference will look a little different than years past. The Oasis Hotel & Convention Center has installed ultra violet light in all areas of the hotel, and has implemented enhanced cleaning measures. All guests will be screened for virus symptoms and other potential quarantine restrictions prior to entry on the property and again prior to entry at the conference. Our contract with the hotel provides for limited seating, 6 feet apart and mandated facial masks as required by the City of Springfield, with an option to cancel the in person conference and move to a virtual format if pandemic conditions worsen in the weeks before the conference.

Oasis Hotel & Convention Center
Springfield, Missouri
